;Hi Shannon.

Monday or Tuesday of next week are likely good days for me as I'll be at Ersha.

Perhaps we should plan on Monday. morning the 1st at 9:00?

Or the following Monday the 8th.

Sincerely,

Bob

Hi Gary and Bob,

I have the go ahead from my school for the Innovative Experience. I would first like to thank you both for your continued support. I know I will learn many things from this experience. I am lucky to have a great Tech Director to shadow and a supportive principal to give me time to take part in this endeavor. I have attached the proposal I submitted to the university which lays out what I will do during the experience. I would like to sit down with both of you sometime to hash out dates so I can plan how to best move forward. When would be a good time to meet?
